Un oggetto **elegante e contemporaneo**, adatto a ogni tipo di buffet: grazie al design unico e innovativo.

I materiali usati sono di **alto livello qualitativo** - acciaio Inox 18/10 e metacrilato - e rendono il distributore un oggetto pregiato.

MADE IN ITALY

La **tecnologia semplice**, ma al tempo stesso funzionale, permette di erogare dosi da 8gr (0.28 oz) di prodotto, riducendo gli sprechi ed eliminando le monoporzioni da 25gr (0.88 oz).

Questo consente un risparmio di prodotto e la riduzione dei rifiuti nel

rispetto dell'ambiente. Inoltre è ideale per servire miele e marmellate di produzione artigianale, per fornire un prodotto di alto livello e che soddisfi anche i clienti più esigenti.

Un ottimo modo per arricchire l'esperienza della colazione, mantenendo **ordinato e pulito** il buffet.

Utilizzabile con prodotti erogabili semisolidi, come confetture, marmellate - pure con piccoli frammenti di frutta - e creme, ma anche con miele, sciroppi e salse di analoga consistenza.

Jambee è l'ideale per **ogni struttura ricettiva**: alberghi, pasticcerie, bar e ristoranti.

An **elegant and modern** object for all buffets, thanks to its unique and innovative design.

The materials used are **high quality** - 18/10 stainless steel and methacrylate - which makes the dispenser a fine object.

MADE IN ITALY

Its **simple technology**, though functional, allows to dispense 8 gr (0.28 oz) product doses, to reduce waste and get rid of 25 gr (0.88 oz) single dose jars.

That allows, as well, to save on product and reduce waste, respecting

the environment. Moreover, it is the ideal to dispense honey and homemade jams, in order to supply for a high-end product, capable of meeting even the most demanding customers' needs.

The best way to make the most of the breakfast experience, keeping the buffet **tidy and clean**.

It can be used with dispensable semisolid products like preserves, marmalades - even with small fruit pieces in them - , creams and honey, syrups and sauces as well, which have the same consistency.

Jambee is the ideal for **any accommodation facility**: hotels, pastry shops, bars and restaurants.

A close-up, low-angle shot of a modern desk. The desk surface is made of light-colored wood with a visible grain. A dark, possibly black or dark grey, metal edge runs along the front and side of the desk, creating a sharp contrast. The background is blurred, showing more of the desk and some indistinct shapes, suggesting a minimalist office environment.
